TOC

Headers 1 - ?

font types

Regular (normal)

Code (non-proportional)

Data element name (?)

Definition (an anchor link to a
 definition in the document) ^{needs color code?}
 respec `<dfn></dfn>` and
`<a>`

see [github.com/w3c/w3c-respec/wiki/](https://github.com/w3c/w3c-respec/wiki/ReSpec-Editor's-Guide)
 ReSpec-Editor's-Guide

Section offsets ("boxes")

`<pre>` - type
a box for examples

`<note>` - type
for notes that are not spec content,
e.g. "NOTE: This section is still under
development"

References

link to entry in reference section
respec `[[]]`
needs font/color code

code link to vocab page?

? data-include (respec) - includes external
file in document *

? Informative / normative? (could just be text)

Images - normal html?

* trick is doing both 'include' and section type
(example, code, etc.)
